10	ABC Cable TV Network Company is providing cable connections to their customers. One of the cables passes over A's house. He is not a customer of the Network Company. The cable is neither attached to his house nor to any projection thereof. It is at a distance of 20 feet above the terrace of A's two-storied house. Because of the cable, A's son B is unable to fly a kite from the terrace. A requested the Network Company to change the position of the cable. But the company did not bother to change it. One evening A cut the cable and cleared the airspace above his house. The Network company suffered a loss of about Rs. 1,00,000 and lodged FIR against A. Advise A.	K5	CO6	15
