Management of Nursing Services and Education UNIT-6

Indian Nursing Council

GALGOTIAS UNIVERSITY

Fundamental duties

- To recognize reasonable degree of knowledge and skill in treating patient.

- Patient should be attended as long as necessary.

- Children must be protected from harming themselves.

- Special precautions in case of sick adults.

Indian Nursing Council Initiatives:

1) Teaching material for Quality Assurance Model (QAM)

➢ **QAM model adopted in RML, Delhi and PGI, Chandigarh.**

The project was implemented in 2 hospitals in RML, New Delhi and PGI, Chandigarh for 3 months duration. The nurses were trained in the Quality assurance programmed. Auditing was done by the external agency.
The impact of QAM model adopted in Chandigarh can be seen in the paper cutting which was published in Tribune on April 19th, 2004.

2) <u>Princes Srinagarindra award:</u>

➢ INC proposed Mrs. Sulochana Krishnan, Ex-Principal of RAK College of nursing was awarded Princes Srinagarindra, Thailand, award which is an international award to individual registered nurse in honor of princess Srinagarindra, her royal highness and in recognition of her exemplary contribution towards progress and advancement in the filed of nursing and social services .

4) Development of Curriculum for HIV/AIDS and ART training for nurses.

Indian Nursing Council in collaboration with NACO and Clinton foundation is developing a curriculum for training of nurses in HIV/AIDS areas. It will be a 6 day training programmed. The pilot study was conducted in Mumbai and Hyderabad. The following states has been identified as it is high prevalent area for HIV/AIDS in first phase

5) *National Consortium for Ph.D. in Nursing constituted 6 study centers recognized under National consortium for Ph.D in nursing.*

These centers will be connected by Video conferencing facilities. MOU has been signed between INC, WHO and RGUHS.National consortium for Ph.D in Nursing has been constituted by Indian Nursing Council (INC) in collaboration with Rajiv Gandhi University of Health Sciences and W.H.O , under the Faculty of Nursing to promote doctoral education in various fields of Nursing.

6) MOU signed between INC and Sir Edward Dunlop Hospitals Ltd

Memorandum of Understanding (MOU) is entered at New Delhi on 11th April 2006 between Indian Nursing Council and Sir Edward Dunlop Hospitals (I) Ltd. for developing the strategic framework for advance standards and investment plan for advancing standards of nursing education and practices in India with the following objectivism

- **Provide training**
    -Graduate, Post-graduate, and Ph.D courses.
    -Organizing Research Activities.
    -To help fill gaps in India and internationally benchmarked standards of nursing education and practice, including credentialing etc., so that Indian nurses can directly be accepted to meet international standards.

-Train the faculty
    so as to provide high quality teaching staff to training institutes in the country.

-Establishing National Nursing Institutions
 in 25 acres land located near Gurgaon with an Investment Plan of 65 US million dollars.

-Establish three Regional Nursing Institute.

7) Steps taken up to enter into MRA under the Comprehensive Economic Cooperation Agreement (CECA) between India and Singapore.

It was signed in June 2005 and has come into force from 1st August 2005. In that, it has been agreed that India and Singapore would enter into mutual recognition agreements (MRAs) in Medical, dental and nursing services in the healthcare sector.

8) Training of nurses in providing outreach services during disasters" and "facilitator's module

Module namely: "Training of nurses in providing outreach services during disasters" and "facilitator's module". Training of trainers was conducted in Chennai and the module given below was well taken and appreciated.

9) All State Registrars were invited to attend the two days meeting.

The objective was to ensure the uniformity and to maintain the quality of nursing education in the country. It was also aimed to understand the problem/issues of each state nursing councils and evolve consensus between INC and SNRC.

10)International migration of Indian nurses

A Study has been undertaken to identify the factors leading to the international migration of Indian nurses.

.

11)The Indian Nursing Council (INC) initiated the live register in the state of Tamil Nadu.

The primary objective of the project is to conduct nurses census i.e., to collect the data regarding number of working nurses as defined by INC i.e. Nurse is a person who has completed prescribed course in Nursing from an institution recognized by Indian Nursing Council and registered herself/himself under the State Nursing Council as Nurse and Midwife.

INC decided to conduct the pilot study in the Sivaganga District of Tamil Nadu. 266 were found trained registered nurses out of 841 nurses. And as per the Bajaj Committee norms 753 nurses are required in the Sivgangai District.
